When - June has its way ~~with the and soon~~
She goes and sits on the lawn
all that we wanted

She casts away and its gone

Since - Shunned away are her eyes
always a friend to the spies
~~all that is eured~~

She casts away in the skirts
Free - only free is she - ~~only free is she~~

Then comfortable where she is found
Full of whatever abounds
whatever it is

She casts away on the ground

Oh - Castaway
