To organized religion of a scale that's higher than

such gatherings of folk
But ³ in fact is in remembrance of the one who

Or was it Joe? Jim Higgins P. 2
There was Joe no more Joe than that
Oh those heads of State as a matter of fact
why there's many who've pulled out the sword or the ax
and many who've tried to put it back
but now add it them on the knife and the shank
~~on the~~ ~~clay~~ or timber.

~~The~~ CIA, the Yanks

Or the Jews or the banks.

Yes! the Jews! the Jews.

Those religious nuts and political Joe.

They sure stick together - I don't mind them doing.

Another little Borden to be exact

Had her favorite brand of ax?

But how could she alone give a bad name

To the Nuclear Family ~~what a~~ ~~record~~ ~~their~~ track

For of State and of groups both ~~religious~~ ~~and~~ ~~political~~

The family John case it is ~~family~~ ~~prodigious~~

Take a look - check it out for yourself

The Hell of the only Nuclear family is

gory and incredulous

Even with the Russian Purges

Even with the Viet Nam War

(2 million dead ~~still~~ we wrote + carry on)

Even with the ~~inquisition~~

Or indeed the Black Plague long ago

The Violence ~~among~~ ~~the~~ in ~~very~~ separate families
averages higher than those

P. 13

Yet we continue having kids
and organizing states
and forming clubs
and seeing shows
and going to parades
Sometimes they start late Souza
and the folks are tickled pink
But something it's a goose step
And you don't know what to think

So there's Jim who had some local power
and though he was some trash
we dug him for his ~~power~~

new life for city trash ~~bringing off~~
open minded perfect crazy for those of us who think
just if you're him again

It's just the chances that ~~we~~ we take
That we take or what instead
Instead of all at once

They drop in swos or mostly ones
Not counted out of bunch

Oh fine poor mostly black dead folk
How could you go so far

Shut up they answer back

It's none of your God Damn business

Why we did or what

and what their bloated corpses say

as screamed to us from the front page

Do you have more than living death
and blackness where you ought have rose.

P. 14
Where were you shocked at pitying folks
When we were just a dirty folk
When ~~were~~ through conventional channels
died a death not ~~more~~ near as

~~Here~~ here we choose to try to live ^{dignified}
Here we die by choice or give
and better die together here
If even in craziness and fear
Together failing or stating or just dead
Than nameless on your streets of red
The street cleaners wash them off each day
and the survivors pretend that it's hot that way

Good Luck and Prayers dear People
In every sort of state
alone, in homes in Hypodromes
In clubs you carefully make
Condemn what you must condemn OK
if it nowhere lies a form
That's safe against ~~but~~ ^{humanity}
That will not change as won.

~~What~~ ~~has~~ ~~each~~ of us got to ~~share~~
~~be~~ ~~clashes~~ or on ~~the~~

and weather among cluster type A
or supposedly off ~~by~~ ~~small~~ ~~de~~
The trick is not to fill the bill
But to own up to and well know the
