

From you to you Nov, 77

Am 17

I was walking down the steps
whistling a tune

and it made me feel so happy
Cause I learned it all from you

I wish the person who
wants to make some of new
the signature just there & say

I pass it around to you
You taught to me this melody

This here pretty tune
I'll whistle it a while and then
I'll give it back to you
