

# Pull the Sleeping Bag Over

Em A  
" " " " " "  
D " Em " " " "  
B " " Bm " " "  
relax for a while  
" " " Bm " " "  
" " " Bm " " "  
I'll check my notes - look out the window  
listen to the birds  
and what they're getting into.  
The afternoon's free  
there's nothing to pay  
No one to meet  
But some friends on the street  
Pull the sleeping bag over  
C9 " Em " " A D  
I'll dream while you sleep.  
Em A  
The rains and the sheep worked it out  
By butting their heads on the tree  
But we'd growing together  
Without knowing weather  
It's you or it's me, it's you or it's me  
Don't pay me any mind -  
Let's play deaf dumb and blind  
Em like the moon's daughter  
Who looks for the water  
D of looks in you - you want in me  
Pull the sleeping bag over  
I'll keep you company.
