

E E
A walkin' downtown, at a corner I found myself -- Talkin' to that girl from Perth
E A E
There was a warm breeze, my darn knees -- About buckled to that girl from Perth
E A F#
She took me drivin' in the country -- Sunny, bumpy, it was somethin
E A E11? E
Then I's sittin' alone, hand on the phone -- Thinkin bout that girl from Perth

E
Those looks sorta started when our pals parted -- Talkin' 'bout that girl from Perth

E
In the woods, on the shore, on the dance floor I's -- Stalkin' that girl from Perth

E

Walkin' down the city street -- with her yin yang tattoo an' her bare feet

E
Then I'ze sittin' here workin' on my second beer -- Drinkin' to that girl from Perth.

E
She'll be in Queensland, hair full of sand -- Sun on that girl from Perth

E
Or in Darwin town, she'll burn it down -- Look out for that girl from Perth

E
A
F#
I'll jet through the astral stream -- To get to that rascal of my dreams

E
Now I'm drivin' along, high on a song -- Singin' 'bout that girl from Perth.

Repeat instrumental verse then last verse and repeat last line
