

Hopefully

2/3/81

Baby she shady deals we make with beliefs  
So we can get around the corner

Maybe our muddy heels give us away  
We been out with her damn her

and all our wish full thinking  
like the Champagnes painful pop  
We lie like the cots on the floor  
looking at the bubbles

~~Hopefully~~ ~~Hopefully~~ ~~Hopefully~~ ~~Hopefully~~ ~~Hopefully~~  
though we know that's not <sup>the right use of the</sup> ~~really a word~~!

Everybody says not all of em

But hotabodies

an if we don't say it some say 'at

We need antibodies

things gonna get better + better we say

There's circles in our eyes + cycles on the ground  
and we worship the straight line

Meeting in infants ~~infants~~ ~~infants~~

Though who knows if there's really such a thing

Though who knows if there's really such a thing
