Now you ask me if I try to pull them to my side + sigh
 and say I'm not that kind of guy
 For the teachings are contagious there's no need to be outrageous
 Though there is this bit of pie
 Pies can be eaten ~~and pie~~ can be frozen ~~can be dried~~ ~~of pie~~ ~~of pie~~
~~and Pies~~ can sit and summer out the kitchen window
 Although I just
 like in Little Lulu comes or the Andy Griffith show
 But the pie that's in the pocket of my overcoat my God it
 Is the one I can't explain
 We can stay here on the carpet or go walking to the market
 Did I make myself plain.
