Poor thing has been there for years
 while we were puzzling in areas
 Baffling her sweet little ~~ears~~
 with the fancy interrogatives
 chickens everybody knows
~~chickens~~ are pretty stupid ^{E7} and reposed
 But easily can cross ~~the~~ road
 if no one poses oddities
 They crossed 'em, nigh 10,000 years
 with little hesitation ~~and~~ fears
 till twisted jerts philosophers
 with questions like conundrums
 froze the fowl ~~with~~ hobbled feet
 till someone rose + shouted ~~please~~ please
~~Such~~ Such ydled asking ~~chickens~~ should not be
 and forthwith is I'm jeopardy
