Real Cream in Rio

Am
Real cream in Rio

G
Our degenerate Trio

Am
Down the best that we could

F
Messin' around, but know what we want

Am
But the ups and the downs seemed
yes we certainly thought they were good

Death Sugarloaf Mountain
Our pleasures we'll count
livin' as fast as we can

Enjoyin' Panama Red
Till we had to hop out of bed
and go rollin' down south in all
Trakin' behind us the man

Several years later I set her and up
Down the best that I can
Now in some older
Lean on my shoulder

Well live our lives over again
Several years after, to quiet the heaven's laughter
rollin' out from the pain
Now we're
more subtle, come let us cuddle
